## DIJON or BEAUNE by bike

We suggest you to discover the city of Beaune or Dijon during a half day cycling.

We will make an appointment in Dijon or Beaune where you will meet your specialized guide.

You can start with a cultural visit of the old town, with its monuments, buildings etc..

If the tour will happen in Dijon, you can easily bike to the lake Kir and along the canal of Burgundy.

If the tour will happen in Beaune, you can then easily take the Wine road and wonder the "Climats " : In Burgundy, a Climat is the name for a specific vineyard site combining vine plots, grape variety and know-how. Since 4th July 2015, The Climats, vineyards of Burgundy, are inscribed on the UNESCO World Heritage List.

You will at the end of the tour taste a glass of white wine with the famous blackcurrant cream and some toasts with typical products of the region.
